

## A plan to get Queensland working again

### WE WILL:

#### BUILD A NEW STATE HIGH SCHOOL WEST OF THE M1

A future LNP Government will secure the land required and begin design of a new state high school west of the M1 to support families in the Gaven and Mudgeeraba electorates.

#### TACKLE DOMESTIC AND FAMILY VIOLENCE

The LNP has a plan to tackle domestic and family violence, including:

- Legislation to strengthen strangulation laws and increase sentences
- The introduction of a new coercive control offence
- Laws to empower police to issue domestic violence orders on the spot
- The roll-out of 200 GPS-linked personal safety alarms to warn victims when a violent former partner is approaching their location
- \$2M for frontline not-for-profit agencies, including \$1M for the Women's Legal Service and Emergency grants of up to \$2000 to help victims flee dangerous homes

#### DELIVER A CHILD PROTECTION FORCE

A future LNP Government will overhaul the child safety system and protect vulnerable kids from drug-abusive parents. A stand-alone agency called the Child Protection Force will be established by an LNP Government that will include a 24-hour rapid-response team and a new squad of police investigators to clear the backlogs. The LNP will also introduce compulsory drug testing with no second chances to combat escalating drug addiction and to hold parents accountable for caring for their children.

#### CRACK DOWN ON YOUTH CRIME

An LNP Government will implement tougher laws, monitor youth offenders on bail 24/7, introduce mandatory detention for third convictions, establish a Community Payback Farm program, scrap youth bail houses, and increase early intervention with a justice reinvestment trial.

#### PLAN FOR A NEW NORTHERN GOLD COAST HOSPITAL & HEALTH PRECINCT

A future LNP Government will masterplan for a state-of-the-art hospital and health precinct for the northern Gold Coast as part of our plan to Get Queensland Working Again. The \$4M masterplan will get the hospital shovel-ready as part of the LNP's plan to stimulate the economy and create a decade of secure jobs to drag Queensland out of the recession.

### How can I help you?

As your local State MP, there are a range of matters I can assist you with. If you think there is something I can help with, please don't hesitate to get in touch.

# Ros BATES MP

LNP State Member for **Mudgeeraba**

*Let's get Queensland working again*

**On October 31st, Queenslanders will vote in the next state election.**

**This election will determine our State's direction for the next four years.**

**That's why the LNP has a plan to stimulate the economy, create a decade of secure jobs, and drag Queensland out of this recession.**

Before coronavirus, Queensland lingered at the bottom of Australia's economic ladder because of Labor's economic mismanagement. We had the worst unemployment rate in the nation, the unenviable title of the bankruptcy capital of Australia, and a state debt that is heading towards \$102 billion. The Palaszczuk Labor Government's only solution has been to slug hardworking locals with nine new taxes. It's clear that Labor's approach is simply unsustainable while many locals are doing it tough.

Labor's track record over the past six years is riddled with failures. They've watered-down youth crime laws, failed to address hooning, and been at the helm while major issues fester in child safety. We've also seen hospital waiting times skyrocket and our results in education fall.

Unlike Labor, the LNP has a fully costed plan to get Queensland working again.

- ✓ We'll build our way out of recession and bust congestion with a \$1billion program that delivers new road infrastructure.
- ✓ Under the LNP, locals can expect new laws to tackle hooning and juvenile crime. We'll also overhaul Labor's broken child safety system by creating a 24-hour Child Protection Force.
- ✓ The LNP will improve education outcomes for our kids by decluttering the school curriculum and introducing phonics screening to boost literacy.
- ✓ We'll also fix our hospital wait times by partnering with the private sector.

The LNP will deliver all of this while introducing no new taxes.

This is just a glimpse into our plan to get Queensland working again!

Delivering for **Mudgeeraba**

## A plan to get Queensland working again

To invest for the future and continue making our home the best place to live, work, play and raise a family, a future LNP Government is committed to:

### INSTALLING FLASHING SCHOOL ZONE SIGNS AT MUDGEERABA CREEK STATE SCHOOL AND KINGS CHRISTIAN COLLEGE

To increase everyone's safety, a future LNP Government has committed \$120,000 to complete the installation of flashing signs in all school zones in the Mudgeeraba electorate.

### ADDRESSING HOONING IN THE NUMINBAH VALLEY

The LNP has committed \$300,000 to stop hooning in the Numinbah Valley with installation of CCTV cameras, lighting, road bollards and tyre shredding road surfaces.

### FUNDING FOR DOMESTIC VIOLENCE SERVICES

The LNP has committed \$600,000 to My Community Legal Inc in Robina to assist victims of domestic and family violence.

### UPGRADE SPORTING FACILITIES

The LNP has committed \$250,000 to upgrade the sporting facilities in Carrara for the Mudgeeraba and Nerang District Cricket Club and the Carrara Saints AFL Club.

### CLEAN UP THE MUDGEERABA CREEK

The LNP has committed \$100,000 to clean up the Mudgeeraba Creek from the M1 to Somerset Drive, working in conjunction with local Landcare groups.

### TOURISM SIGNAGE FOR SPRINGBROOK

The LNP has committed \$150,000 for Tourism signage for Springbrook to help grow our local tourism offerings.

### ROAD UPGRADES

The LNP has committed to upgrading the Gooding Drive Roundabout and installing traffic lights. I will continue to fight for further upgrades to Gooding Drive, Worongary Rd, Mudgeeraba/Tallai Rd intersection and raising the Austinville Causeway on Gold-Coast Springbrook Rd.

**“Only the LNP has a plan to build a stronger economy and protect jobs. We'll give local businesses the certainty they need to invest in Mudgeeraba that will secure our children's future.”**

*Ros Bates*
